Virginia Estates was founded with a primary focus on the sale of farms, estates, wineries, and vineyards. In 1988, the sale of the 300-acre estate property, that has since become Whitehall Vineyards, was the beginning of that process. Thirty years later Virginia Estates has earned its position as one of the preeminent real estate companies for the sale of farms, estates, wineries, and vineyards.

In that period of time, Virginia Estates has become a highly esteemed country real estate brokerage by helping buyers and sellers work through the complex process of buying and selling homes, farms, country estates, vineyards, wineries, and vast tracts of fertile farmland in Virginia, Maryland, and North Carolina. We also act as referral agents for the sale of wineries and vineyards worldwide. Since 1988 we have sold and resold more than 45,000 acres of homes, farms, estates, wineries, and commercial properties valued at over \$280,000,000.
